[Information / Findings / Result / Strategy]			
<p>On 23rd July 2020, in the SCD Fingerprint Hub based at (Police) Headquarters in (Location), I took possession of the above case reference docket, which contained fingerprint exhibits AH/1 and AH/2. I compared fingerprints disclosed in these exhibits against a set of Fingerprints in the name of A.Suspect bearing the unique CRO / LANA / AS (Delete as necessary) reference 12345/67B. These comparisons were carried out with a negative result. Fingerprints disclosed within fingerprint exhibits AH/1 and AH/2 and the set of Fingerprints in the name of A.Suspect were not made by the same person. The original set of finger and palm prints and the original case notes are retained within the SCD Fingerprint Hub and will be made available for inspection if required.</p>			
To the Investigator			
<p>The forensic information contained in this report is based on the information provided at the time and initial findings and / or assessment of a crime scene and exhibit(s). It is provided to the police investigator to support a line of enquiry and / or establish if there is evidential value in proceeding with the forensic information.</p> <p>Should further forensic analysis or comparison be required in this case, the investigator must contact the relevant Force Forensic Department with their requirements in accordance with standard force operating procedures.</p>
